week; the floors of the rest of the building are nearly finished. The special committees appointed by the board of directors have been active during the last few weeks in their preparation for opening of the new quarters. Contracts have been awarded by the building committee for two new bowling alleys to the Brunswick, Balke Collender company. These are to be the regulation alleys, equipped with both pins and duckpins. A pool table has been purchased for the recreation room. The Hart & Hutchinson company of New Britain have the contract to install 131 new steel lockers. The contract for the gymnasium equipment was awarded to a St. Louis house for the bulk of the new apparatus. The lighting fixtures are to be furnished by Bradley & Hubbard of Meriden.

The balance of the furnishings have been secured through our local merchants who have always been kindly disposed towards the work. The committee appointed to secure a physical director and associate secretary has secured the services of H. A. McLoughlin of Hartford. Mr. McLoughlin has had several years' experience in association work. He has been assistant physical director of the association gymnasium of the West Twenty-third street branch of New York city under Dr. Pool. He also has served with other associations in New York and Canada. He was highly recommended to the committee by Dr. Pool and by Mr. Scifo, the physical director of the Hartford Y. M. C. A. The special committee appointed to arrange for the formal opening and dedication of the building will report soon and the time of moving in will be known in a few days. There are a

number of pledges that have not been all paid. An effort will be made to secure the balance due on these in order that the building may be dedicated free from any debt, a monument to the generosity and public spirit of the people of this community.

A receiver has been appointed by the United States district court for the business conducted by the New Idea Shoe store on Main street. Last Wednesday H. N. In the meantime the store was closed by Sheriff A. J. Greenhill, acting for Attorney A. J. Bowen, counsel for Potter. Prag then brought a suit against Samuel Cohen, of Providence, R. I., the owner of the store, on notes aggregating \$1,000, and the store was attached. A receiver has been appointed and the store is now in his custody.

Snow Proves a Nuisance.

The severe snowstorm of Tuesday caused every train and trolley in all directions to run late and in some instances many trains were more than an hour late. Mail 25 day long were late and business generally in all lines was greatly interfered with by the storm. More than a foot of snow fell on the level, and the men in the employ of the city street department were a busy lot throughout the day.

WARDEN'S WISE SUGGESTION.

Borough Needs a Live Business Men's Association, or Chamber of Commerce.

W. Irving Bullard, warden of the borough of Danielson, writes the Bulletin as follows:

With the very wings of progress and prosperity hovering over the borough of Danielson I believe it an opportune time to call your attention to the dire need of an organization of some kind to promote and encourage commercial and industrial peace and progress. We formerly had a board of trade which proved very effective in certain lines and for a short period boomed this old borough splendidly, but now the board of trade is a matter of history and we have absolutely no organization or institution of any kind to encourage industrial and commercial progress.

I believe Danielson should have an active business men's association or chamber of commerce, an institution that could be founded upon the bed rock of conservatism, sense and practical management. Our patriotic citizens should cooperate with the active business men to make this organization a factor in our social, commercial and industrial activity; every one interested in this borough should support it, either morally or financially, or both.

There is hardly a week that strangers do not come to Danielson to visit some of our mills or factories. Time and time again I have been asked by visitors who are interested in industry if we had a board of trade or some similar organization. In short,

Also a Rest Day.

This is a day of thanksgiving as well as Christmas for the store clerks, who have been through an exceptionally busy season. In accordance with the requirements of a state law, all of the saloons in Killingly are closed this Christmas day, as they are throughout the state.

The heavy storm of Tuesday prevented many Danielson people from going to Putnam to attend the production of the Spring Maid at the Bradley theatre.

W. H. S. vs. K. H. S.

Windham High school of Willimantic and Killingly high school's basketball teams will play a game here Friday evening, the first meeting of the teams this season.

The rural carriers, who are called upon to cover their routes Christmas, will have difficulty in getting over the snow-filled backwoods roads of Windham county. The going will be the worst today of any time within the past two winters.

Post Office Privileges Today.

Until noon today those who wish may call at the post office for mail and Christmas packages, but the office will be closed from that hour until 6.30, when it will be open until the usual closing hour.

Horace M. Hovey, formerly principal of Killingly high school, is now professor of mathematics in the Wadsworth high school, New York. The school has 4,000 students.

Test to Grand Master.

Members of Columbian commandery, No. 2, of Norwich, who live in Danielson and vicinity, will gather in the rooms of Moriah lodge here at noon today for the annual test of the grand master, Most Eminent Sir William Bromwell Melish.

Announcements of awards at the end of the term at St. James' parochial school include the giving of a diploma to Aurea Gingras for Palmer writing; the following pupils were awarded a progressive pin for having written 100 drills: Beatrice Lambert, Anna Gingras, Anna Dubuc, Dora Deane, Leonie Choquette, Henry Deane.

SNOW PICTURESQUE.

But Inconvenient and Annoying to Merchants.

The lights along Danielson's white way gleamed on a real Christmas scene Tuesday evening. Streets piled high with snow and sparkling with many a twinkling light, the old-fashioned touch. The snow helped out all right, as far as supplying the picturesque is concerned, but it was the means of spoiling what the merchants expected to be one of the best business days of the whole year.

Through the thick of the storm the cars on the trolley stuck close to their regular schedule, which was very much appreciated by the many who had to be out, though the traffic was not as heavy as is generally the case just before a holiday.

NINE FIRE ALARMS.

And Loss of But \$400 Record for the Closing Year.

Up to Christmas were Danielson had come through the year 1912 with only nine alarms for fires and none of these proved to be a serious one, in fact, the total of loss as indicated in the records of Chief A. P. Woodward of the fire department was only \$400. This is a repetition of the fine record made during the year 1911, when the

MADAM: You'd consider it quite an honor, wouldn't you, to be known as the most economical as well as the best of good cooks. Well, *Serv-us Macaroni* has a distinction something like that.

It is the food with which you can reduce the cost of living and yet strange to say it has as much nourishment and nutrition as the most expensive food—Beef Steak. It is a great muscle builder, and ideal health food. One pound of *Serv-us Macaroni* will go just as far in giving a man strength as a pound of meat and it costs less than 1/2 as much.

It has no waste matter—no bones and gristle which you can't eat but must pay for. Meat is 1/4 water in composition. *Serv-us Macaroni* is 1/4 solid nourishment.

Besides *Serv-us Macaroni* is so easily prepared. It takes one to two hours to boil meat—but only 20 minutes to prepare *Serv-us Macaroni* in a number of delicious ways.

You can enjoy it in soups and stews. It is very tasty with fruit or tomatoes—and it is especially delicious prepared like a potato with grated cheese and tomatoes.

Like all of the other *Serv-us Brand* Foods it is a pure food guaranteed under the Pure Food law.

It is made in strictly sanitary kitchens and under a pressure of 1800 to 3000 lbs. per square inch. It is guaranteed to contain absolutely no coloring matter.
